### **Delphi Display Systems Moves to a New Facility**

Costa Mesa, CA – March 29, 2010 – Delphi Display Systems, Inc. today announced its recent relocation to a new state-of-the-art facility in Costa Mesa, California. The new facility houses all office and production operations formerly located in two separate buildings in Costa Mesa. Located near John Wayne airport with easy access to the 405, 55 and 73 freeways, Delphi's new high profile offices are much better suited for R&D and manufacturing.

The new facility is located near John Wayne Airport with easy access to the 405, 55 and 73 freeways. The company relocated both its headquarters and manufacturing facilities to add much needed office, R&D and manufacturing space while improving operational efficiencies and reducing total occupancy costs.

"We are very excited about the move because for the first time in over 13 years, our employees are now located under one roof." said Ken Neeld, President and CEO for Delphi Display Systems.

"Having our corporate offices and manufacturing operations collocated in the same facility along with the additional space, improved floor plan and close proximity to freeways and the airport will improve communication and efficiency allowing us to better serve our customers."

Delphi's toll free number did not change, but due to a change in area code from 949 to 714, the company's direct phone numbers have changed along with the new address:

3160 Pullman Street  
Costa Mesa, CA 92626  
Phone: (714) 825-3400  
Fax: (714) 825-3401
