

## **Delphi Display Systems Relocating to Harbor Gateway Business Center**

**Costa Mesa, CA – December 21, 2016** - Delphi Display Systems, Inc – the global leader in consumer engagement and business optimization technology solutions for the food service industry, announced today that in January of 2017 it will be relocating its corporate offices from its current location at 3160 Pullman Street to the technology-centric *Harbor Gateway Business Center* in Costa Mesa, California, a property owned and operated by C.J. Segerstrom & Sons. Located at 3550 Hyland Avenue, Costa Mesa, California 92626, the new state-of-the-art facility will be home to Delphi's corporate office as well as its sales, engineering, operations and support functions.

"We are excited to be moving the company to this new technology park provided by C.J. Segerstrom & Sons," said Ken Neeld, President and CEO of Delphi. "Our new headquarters will have expanded space for research and development labs, training facilities and open collaboration areas to provide an exciting environment that will fuel our growth for many years ahead."

As Delphi continues to distinguish itself as a technology innovator of best-in-class software and customized hardware solutions, the physical office needs of the company have evolved as well. This new facility will feature advanced technology and provide flexibility and opportunity for growth as Delphi expands on its continuing vision of leadership in both visual engagement and business optimization technologies for the markets it serves.

### **About Delphi**

Delphi Display Systems, Inc. provides customized digital signage hardware, software and service solutions that enable businesses to engage with, interact with, influence, attract and retain their end customers. Delphi's advanced analytics and business intelligence capabilities enable its customers to optimize the effectiveness of their digital consumer engagement strategy and ultimately their profitability. Delphi provides solutions to the Quick Service Restaurant (QSR), education, convenience store, hospitality and fuel retail industry verticals. The company has installed solutions at more than 30,000 locations in over 70 countries around the world.
